All instances of the name PostScript in the text are references to the PostScript language as defined by Adobe Systems Incorporated unless otherwise stated. For example, as soon as the machine has scanned the original that you want to copy, it can immediately scan the next persons original. You can also print from this machine, using a function other than the Copy function. The International ENERGY STAR Office Equipment Program is an international program that promotes energy saving through the use of computers and other office equipment. A nonexhaustive list of these documents is set forth below. The telephone company also retains the right to make changes in facilities and services that may affect the operation of this equipment. As these instructions are intended to prevent injury to the user or other persons or destruction of property, always pay attention to these instructions. Also, since it may result in unexpected accidents or injuries, do not perform any operation unless otherwise specified in the manual. Doing so may damage the platen glass and result in personal injury. Since radiation emitted inside the product is completely confined within protective housings and external covers, the laser beam cannot escape from the machine during any phase of user operation. When removing jammed paper or when inspecting the inside of the machine, do not touch the fixing unit and its

surroundings, as doing so may result in burns or electrical shock. <http://gocoachfox.com/userfiles/dp43tf-motherboard-manual.xml>

We recommend that you read this section prior to using this machine. Installation Precautions Avoid Installing the Machine in the Following Locations Avoid locations subject to temperature and Avoid poorly ventilated locations. Select a Safe Power Supply For example, avoid installing the machine on unstable floors or stands. Plug the machine into a 120 V AC outlet. Make sure that the power supply for the machine is safe, and has a steady voltage. Using the machine in this state may cause a fire or electrical shock. Please note that Canon will not be held responsible for any damages caused by the loss of data. External View When the Cassette Feeding Unit AF1 Is Attached Output Tray Feeder Prints and copies are output to this tray. Feeder Cover Open this cover to remove jammed originals. Slide Guides Adjust these guides to match the width of the original. Original Supply Tray Originals placed here are automatically fed sheet by sheet into the feeder. How to Turn ON the Main Power This section explains how to turn ON the main power. If you want to turn OFF the main power and then back ON again, wait for at least 10 seconds after the main power indicator is turned OFF before turning ON the main power. The machine can receive and print documents from a personal computer when it is in the Sleep mode. Ifax and fax documents can also be received while the machine is in the Sleep mode. Ez az a nyomtato ami a HP1320 teljes koppeltes, csak kijelzot kapott es mas a programja. Kicsit megkergettem ezert cserelnem a progijat. Ja es ha valaki tudna a default beallitast az is segitseg lehetne. Koszi laci Canon MPC190 Sziasztok. Segitsegeteket szeretnem kerni abban, hogy van egy MPC190es nyomtatom eloszor tintateie hibakodja volt azt megoldottam,viszont most nincs hibauzenet egyik naprol a masikra nem nyomtat. Teljesen ugy tesz mintha nyomtatna csak ures papir jon ki belole.

A patronok tele vannak es a fej sem lehet beszaradva mert ha torolgetem jon belole a tinta mindegyik szin.Nem tudom szoftveres vagy hardveres gondja lehet.Van egy Canon iP 2500 as nyomtatom amibol a szines patron hanyzik.Most viszont egy patronnal szabotall. Lehet e kezdeni igy valamit a nyomtatoval Eredetileg a fej dugulasa miatt nem nyomtatott. A fejet sikerult teljesen kitisztitani, minden jarat tiszta, fuvokakon nincs serules. Elektromosan kimerve a fejet teljesen normalis ertekek, szoval nincs zarlal sehol. A patronokat felismeri, tintaszinteteket latja, fejtisztitast elvegzi. Nyomtataskor a statuszablakban semmilyen hibakod nincs, teljesen normalis, nyomtat is, viszont a papirra egy csepp tinta nem kerul. A hasznalt tinta tartaly meg nem ert el kritikus erteket, a biztonsag kedveert visszaallitottam 20%os telitettsegre, az sem hasznalt. Probaltam vadonatuj patronokkal, tobbszori melytisztitassal, hogy toltse fel ujra a fejet. Kb. a tintak felet elhasznalta, latszik is, hogy mar lucskos a fej, de semmit nem nyomtat, meg a fuvokatesztre sem. Probaltam gyari eredeti patronokat atteni egy masik nyomtatobol, felismeri, tisztitja, de nem nyomtat veluk sem. Itt elakadt a tudomany, barmi otletet szivesen veszek. We can directly use technical cookies, but you have the right to choose whether or not to enable statistical and profiling cookies. Enabling these cookies, you help us to offer you a better experience. This digital monochrome model rapidly scans, prints, copy, fax and distribute documents with precision and ease. Advanced management tools and multiple inline

finishing options help produce professional documents with ease. The imageRUNNER ADVANCE 4051 model features a range of collaboration tools, streamlined onestep operations for complicated tasks, and the power to perform multiple jobs concurrently.

Offering standard Color Universal Send, UFR II Printing, and a range of paper handling and finishing options, the imageRUNNER ADVANCE 4051 model is intelligent value at its best. Large embedded control panel provides easier viewing. Two menus streamline your workflow. The Main Menu gives you instant access to system functions, while the Quick Menu powers productivity by allowing you to combine and access routine tasks at the touch of a button. A universal design that's not only appealing to the eye but also easy and comfortable to operate. Soft curves and natural soothing color palette create harmony between innovation and your work environment. Rapidly convert paper documents to digital files with the 100sheet capacity, auto duplex document feeder with color scanning support at speeds of up to 51 ipm simplex, 300 dpi. Advanced Box, Canons new builtin document sharing solution enhances the ability of multiple users to collaborate. Files can be stored in Advanced Box shared folders and accessed from multiple locations including a PC or other networked imageRUNNER ADVANCE systems. Whether from the imageRUNNER ADVANCE model or at your own desk, you can have direct access to the functions that make your work easier with the imageRUNNER ADVANCE Desktop utility. The Workflow Composer utility reduces multistep and frequently performed operations to the touch of one button that can be placed on the Quick Menu. Transform the way you access files with Canon Cloud Portal for imageRUNNER ADVANCE. Connect directly to Microsoft SharePoint Online or Google Docs cloud services without the need for extra hardware or software. Scan to or print from a USB thumb drive or optional memory media. Enter data more comfortably with the optional USB keyboard. Access Management System allows you to limit device access by user, group or role and you can even limit access for only specific functions such as Send.

With Document Scan Lock and Tracking you can embed hidden tracking information in a document to restrict unauthorized copying or scanning and to track the origin. Adobe LiveCycle Rights Management ES 2.5 Integration protects access to documents throughout their duration. After documents are scanned, specify security policies and select authorized recipients. The Trusted Platform Module allows you to safeguard vulnerable settings such as passwords with a new security chip featuring tamperresistant hardware. Disguise information before its written to the hard drive, and permanently remove it by overwriting when the job is complete with data encryption and erase options. The Remote User Interface gives you centralized control for any individual device right from your desktop, so that you can check supply levels, monitor jobs and stay completely informed. The imageWARE Enterprise Management Console offers one central point of control for all systems across your organization. This webbased utility makes it easy to install and manage multiple Canon and thirdparty networked devices. The imageRUNNER ADVANCE Series makes it easier to track, manage and influence user behavior. From analyzing color output by employee or client to encouraging double sided printing, you can ensure that resources are employed optimally and costs are allocated accurately. Reduce costs and increase performance with the ability to streamline your workflow. Outstanding image quality for striking results. Retrieve information from other imageRUNNER ADVANCE models on the network to help eliminate extra hardware or to easily collaborate. Reduce downtime with the ability to replace toner on the fly. If incorrect paper size or stack for a job is unavailable, the system can begin the next job without delay. New level of connector and link support through Canons innovative MEAP platform. With 1200 x 1200 dpi print resolution produces fine lines and crisp text, even at small font sizes.

Innovative technologies, including Canons QF toner, produces clear, detailed images with a smooth, highquality finish. Canons life cycle assessment system helps to reduce CO2 emissions by focusing on each stage of the product life cycle, including manufacturing, energy use, and logistics. Compact

with less packaging for efficient transportation. Designed with recycled plastic and biobased plastic for certain components. Meets Energy Star standards. The combination of Canons fusing technologies and QF toner helps reduce overall energy consumption by minimizing heat and power requirements. Power consumption for sleep mode is 1W or less. Meets and exceeds ROHS directive.
